

---

Wishing you a Happy Easter for the upcoming holidays!

---

An early Happy Easter from all of us here at Artifex!

---

March was the month of custom jobs for us here at Artifex! We are very happy to have been chosen to produce bespoke items for the Midland food court, shown below.

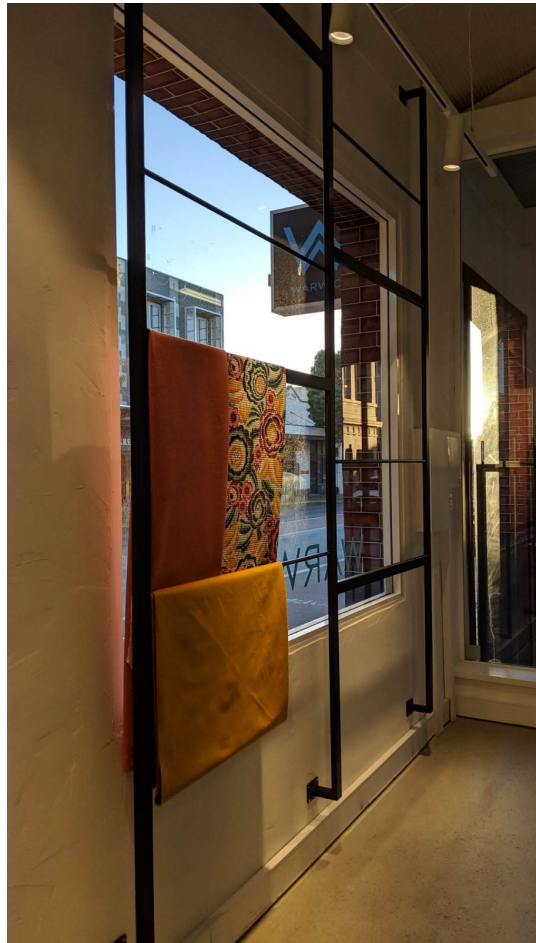

---

We were also lucky enough to work with Warwick fabrics on their beautiful new Perth showroom. For this job we were asked to manufacture a discrete safety gate for the top of the stairs, and also some bespoke fabric hanging wall frames to be mounted on the windows, this allows them to display fabrics in different arrangements.
